## Get the most out of Bond Origination

Neoprop has a dedicated bond originator, Christeen van Jaarsveld, who is on hand to assist you with all your mortgage needs.

Banks have a range of criteria and product offerings targeting specific market segments. First-time home buyers have very different needs to the multi-millionaire client wanting to buy a coastal holiday home.

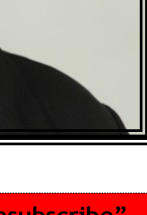

For most people buying property is the biggest single investment made during their lifetime and it is best to do as much research as possible and solicit help wherever you can.

Christeen offers a free service and works closely with the banks to provide you with the best possible advice and choice. In doing so, she is able to lower your bond costs and stimulate inter-bank competition.

Christeen liaises directly with the four major SA banks, as well as several of the smaller institutions, private banks and other non-bank lenders. This means that if you qualify for a loan from more than one institution you have a range of deals to from which to choose the best rate and terms.

Her extensive experience and in-depth knowledge means that your specific needs are taken into account and accommodated wherever possible.

Whatever your bond need, from first time applications to second mortgages, give Christeen a call on 0828804917 / christeen@neoprop.co.za
